

**Mountain Post
Medical Simulation Training Center (MSTC)
Fort Carson, Colorado
FY 2011 Training Schedule**

The EMT-Basic Full Course is 20 days in length and will only be scheduled as needed by units with Non-MOS qualified 68W Soldiers. (NREMT-Basic expired greater than 2 years). Contact the MSTC to discuss eligibility and scheduling a course. The EMT-Basic Course is not designed for Soldiers other than the 68W.

EMT-Basic Refresher training is part of MEDIC training tables. Soldiers with the 68W MOS and their NREMT-Basic is expired within two years may attend the first 5 days of MEDIC training and receive a certificate and meet the requirements to take the NREMT-Basic written exam. The written exam will be scheduled with a Pearson VUE testing site. Cost for this exam is \$70.

The Medical Education and Demonstration of Individual Competence (MEDIC) course will be offered to Soldiers with upcoming EMT-Basic expiration. If completed annually, it will meet the 68W's requirement for EMT-Basic Re-registration. There is no cost for this course.

Weekend training for National Guard and Reserve units can be made available at the MSTC with prior coordination. Units will typically provide an appropriate number of qualified 68W medics to facilitate the training.
